

Thank you so much for choosing Ashley Young Calligraphy! I look forward to working together and creating something special for you! Below you will find answers to questions you might have about the services that I offer, but if you don't see what you are looking for - please reach out to me!

GENERAL INFO:

I offer a few different styles of calligraphy. I would suggest first checking out my website to see which style best suits your needs. Turn around time for addressing envelopes is as follows:

1 - 100 Envelopes:
2 Weeks

101 - 200 Envelopes:
3 - 4 Weeks

201 - 300 Envelopes:
4 - 6 Weeks

Please include 20% extra envelopes in your order to account for any errors. Guest lists should be typed - not handwritten - and double checked for spelling. If you have more than 300 envelopes - no worries! Let's chat about the time frame needed to complete them based on both of our schedules! Also, if you need your order completed quicker than the time frames listed above, that can be done! There will be a small rush fee applied to your final total.
